EXPERIENCE

AD CAMPAIGN MANAGER (PART-TIME)

RTM Agency, Waterloo, Belgium | February 2021 - Present

- Generate treasury and cashflow reports
- Transition the bussiness from content editors to AI generation
- Optimization and fine tuning of the ad campaigns budget
- Collaborate with websites resellers

DISCRETIONARY TRADER

Independent | April 2024 - Present

- Creation of reversion strategies with asymmetric risk profiles, and volatility-adjusted sizing.
- Realized \$108,457 USDT profit on a BTC-USDT short during the August 2024 volatility event; largest documented loss capped at \$44,264, reflecting tail-risk control.
- Currently fully in cash ("all out"), awaiting macro conditions conducive to favorable risk-reward in risk assets
